## SUMMARY

Application Engineer experienced in designing, documenting, and integrating RESTful APIs in microservices and SaaS environments. Skilled in API-first development, version management, JSON handling, debugging, and client integration. Skilled in database management, cloud deployment, and automation, consistently delivering reliable and scalable solutions. Achieved a Top 3,000 rank in GATE CSE, demonstrating strong ownership of computer science fundamentals and structured problem-solving skills. I am interested to work with bank and fintech related companies.

## EXPERIENCE

### *JIO Platforms Ltd, **Application Development Engineer***

*Jul 2023 - Feb 2024*

Development and deployment of REST APIs for RAAS SaaS Product in a microservices environment using Node.js, Express, and TypeScript. Introduced role-based authentication RBAC in Version-2 APIs improving access control by 40%, enabling secure partner integrations and increasing production of teams. Implemented custom JSON validations and regex-based parameter mapping across endpoints to standardize API input consistency, improving data accuracy and troubleshooting. Integrated Fynd Partner Platform extension using webhooks and internal microservices for recommendation APIs, maintaining efficiency and processing API requests.

### *Jamal Hospitals, **Application Engineer (Freelance)***

*Dec 2025 - Feb 2026*

Designed and developed a Hospital Management Electron App integrating React, Node.js, and SQLite to streamline OP/IP operations, accounting, and finance modules, resulting in improved operational efficiency.

### *Smart knower, **Web Developer Intern***

*Dec 2020 - Feb 2021*

Developed a responsive E-commerce platform featuring a comprehensive product catalog, robust authentication, and seamless cart management using Node.js, Express, and MongoDB, supporting users, managing products and understand the data flow. Developed REST APIs for order processing and integrated payment gateway sandbox, streamlining transaction workflows.

## EDUCATION

### *Bhashayam School, Darsi, Prakasam (Dist.)*

*S.S.C*

*with the secured points 9.8/10.*

### *Sri Chaitanya Junior college, Guntur, Andhra Pradesh*

*Intermediate*

*with the secured percentage of 95.3/100.*

### *NIT, Hamirpur, Himachal Pradesh*

*B. Tech*

*with the secured percentage of 80.*

## LICENSES & CERTIFICATIONS

### ***Certified MERN Full Stack Developer***

*100xDevs •*

### ***Linux Command Line***

### ***HTTP Essentials***

### ***Time Management***

*LinkedIn Learning •*

### ***Teamwork Foundations***

*LinkedIn Learning •*

## SKILLS

JavaScript (ES6+) • TypeScript • Java • C++ • Node.js • Express.js • React.js • NestJS • Amazon Web Services (AWS) • Docker

## HONORS & AWARDS

---

### ***Best Debutant Award***

*JIO Platforms Ltd* •

for contributions toward RAAS API automation and documentation
